Board of Health Items-

- 1) Jerry Miller completed the Board of Health Orientation Training, with the Berkshire County Board of Health.
- 2) Water testing on private property. Berkshire County Board of Health was not clear as to whether the town needed permission or a warrant. Mimi will check with Jeremiah Pollard.
- 3) There is a viral outbreak on the Appalachian Trail. This began in the Tennessee/ North Carolina area and is tracking north. This might be a concern for day hikers and residents who assist hikers and should be warned. Chris Johnson will get in touch with an acquaintance that cares for the trail in this area.
- 4) Jerry wondered if Molly has "Maven" on her computer.

The town pool looks good. The EColi test was much better.
